

**AMENDMENTS TO THE SPECIFICATION:**

Please replace the title with the following amended title:

~~GAS-INSULATED SWITCHING SYSTEM~~ SWITCHGEAR ASSEMBLY  
OR COMPONENT OF A GAS-INSULATED ~~SWITCHING SYSTEM~~  
~~COMPRISING AN OPEN AIR LEADTHROUGH~~ SWITCHGEAR ASSEMBLY  
HAVING AN OUTDOOR BUSHING

Please replace line 21 to line 25 with the following amended paragraph:

~~DE 196 427 736 C1~~ DE 196 47 736 C1 discloses a high-voltage circuit  
breaker having a hollow dielectric support, in whose interior a drive rod extends.  
The interior between the drive rod and the inner wall of the dielectric support is  
filled at least partially with dissipation elements.
